

## PRESS RELEASE

**What:** KazAgro-2024/KazFarm-2024

**Where:** 53/1 Mangilik El Street, Astana (EXPO IEC).

**When:** October 22-24, 2024

**KazAgro-2024/KazFarm-2024 exhibitions will be held with a “German emphasis”**

**Final exhibitions in the agricultural sector of Kazakhstan  
will be held from October 22 to 24, 2024 at the EXPO IEC in Astana.**

**Organizer: Expo Group International Exhibition Company.**

This significant event will bring together 250 of the best companies of the agro-industrial complex from 20 countries of the world, and the exposition will spread over 20,000 square meters. This year the event will be held in a special format, for the first time in the CIS, Germany will be the partner country of agricultural exhibitions. Thus, 40 German companies will present their latest products and technologies, and renowned international experts will touch on the most relevant topics. In addition, a cultural program with a German flavor is expected. It is worth noting that in the world practice of holding agricultural exhibitions, Germany has been a partner country for the second time in its history. This reflects the high level of KazAgro/KazFarm and the depth of cooperation with the Expo Group IEC.

Traditionally, the exhibitions will be divided into two main areas of the industry. In the section for crop production – KazAgro, farmers will be presented with an impressive range of high-quality and the most advanced equipment in the world. For example, Rostselmash will present a new-designed tractor “2400” and a high-performance combine harvester “T500”. In general, the exhibition will cover the entire production process: from the selection of seeds to processing technologies. KazFarm is a bright and fascinating exhibition dedicated to animal husbandry, perfectly demonstrating all the variety of technologies. Here successful livestock breeders will be able to get acquainted with the full cycle of products for feedlots and dairy farms.

In the face of increasing competition and unstable climatic manifestations, new knowledge can lead to sustainable production. Therefore, KazAgro-2024/KazFarm-2024 will pay special attention to the business program. Dozens of international and Kazakhstani experts, who will touch on various topics of agriculture, are waiting for visitors. These unique meetings will become a real laboratory of ideas, where experts will help farmers adapt to rapidly changing conditions.

KazAgro-2024/KazFarm-2024 promises to become a platform for inspiration and exchange of experience, where businessmen will be able to find like-minded people, make useful acquaintances and create conditions for joint projects. The event will be the starting point for a new stage in the agro-industrial sector of Kazakhstan. As a refresher, the main agricultural exhibitions of the country, KazAgro/KazFarm, have been the largest in the CIS for 15 years. Over the years, the event has been recognized internationally and entered into the world register of exhibitions.
